

## **Video streaming of regular Council meetings to begin in 2012**

Live, video streaming coverage of regular Oshawa City Council meetings is being launched in the new year as a one-year pilot project.

Accessible through the City of Oshawa website ([www.oshawa.ca](http://www.oshawa.ca)), the new service will enable residents to view regular council meetings live or on-demand from home or work, or from any place they have Internet access.

Video streaming coverage will be available for all regular City Council meetings, which are held every three weeks on Mondays (or, in case of a holiday Monday, on Tuesdays). City Council meetings start at 6:30 pm.
