

Meeting Summary

Plan 20Thirty

March 14, 2022 – 10:00AM- 12:00PM

Microsoft Teams – Online Meeting

Attendees: Andrew Holmes, Lauren Gould, Tess Pierce, Joel Nascimento, Louise Parkes, Garth Johns, Laura Vaillancourt, Richard Summers, Matthew Mackenzie, Stacey Snow

Staff: Hailey Wright, Mary Cousineau

Regrets: Carla Holland, Hans Jain

1. Community Engagement Update – Hailey Wright

Director Wright shared an overview on Community Engagement and the steps that were being taken to solicit community feedback on the work of the committee thus far. The committee was in favour of the proposed course of action and staff would proceed as discussed.

2. City Owned Bus Terminal at 47 Bond Street – All

Director Wright shared an overview of the previously posted RFEOI for City Owned Bus Terminal at 47 Bond Street with the committee for discussion and ideation. Several suggested uses were discussed including long-term redevelopment opportunities and short-term projects to bring immediate uses to the space (including, but not limited to, retail or commercial uses, spaces for arts/culture organizations and pop-up spaces for shows and exhibitions). The committee suggested that a future RFEOI could include an opportunity to visit the space, or include an open house, so interested parties could have a visual of the space before participating in the formal RFEOI process.

3. Final Action Plan Review – All

Discussion took place to discuss how the action plan aligns with the mandate and the scope that the committee was tasked with. Final comments were made by the committee to consider for the final report to council and recommendations to ensure that check-points are established to track the success of the implementation of action plan items. Sincere thanks was expressed to the committee for their time and service on this committee.

4. Other Business – All

Director Wright shared progress on other downtown projects, including a report being presented to council in June to endorse the downtown rebrand. Committee members

are invited to attend the Development Services Committee meeting and Council meeting that these reports will be presented at.

5. Adjournment

Meeting was adjourned at 10:48AM
