# Screening Questionnaire for Identifying Potentially Contaminated Sites

This questionnaire has been developed to assist the City of Oshawa in identifying development applications on sites that may be contaminated as a result of a previous use or activity. The Ministry of the Environment, Conservation and Parks (MECP) has developed a [“Guideline for Use at Contaminated Sites in Ontario \(February 1997\)”](#) that outlines the process recommended for the restoration and clean-up of contaminated sites. Applicants on sites that may be contaminated will be required to demonstrate to the satisfaction of the City that they have addressed this Guideline.

This questionnaire is not required to be completed if a Phase 1 or Phase 2 Environmental Site Assessment (ESA), Remedial Work Plan (RWP) or Record of Site Condition (RSC) in accordance with the MECP’s Guideline has been provided to the City of Oshawa.

## 1. Details of Subject Lands

Location and Description		
Landowner Name		
Mailing Address (Street Number and Street Name)		
Location of Subject Lands (Street Number and Name of Street)		
Lot(s)	Concession(s)	Former Twp.
Registered 40M Plan Number	Lot(s)/Block(s)	Registered 40R Plan Number

## 2. Current Use of the Property

What is the current use of the property? (Check the appropriate uses(s):

Category 1:     Industrial     Commercial     Community

Category 2:     Residential     Institutional     Parkland

Category 3:     Agricultural     Other

**Note:** daycare facilities and a property that contains a religious building(s) are considered institutional uses. See [Ontario Regulation 153/04](#), as amended, for definitions.

**3. Previous Use of Subject Site**

Questions	Yes	No
Does this development proposal require a change in property use that is prescribed under the <a href="#">Environmental Protection Act</a> and <a href="#">O.Reg. 153/04</a> (e.g. a change to a more sensitive use from Category 1 to 2; 2 to 3; or 1 to 3 as identified above)?  If yes, a Record of Site Condition must be filed on the Provincial Environmental Site Registry.	<input type="checkbox"/>	<input type="checkbox"/>
Has the property or any adjacent lands ever been used as an Enhanced Investigation Property (e.g. industrial uses; chemical warehousing; automotive repair garage; bulk liquid dispensing facility, including a gasoline outlet and/or a dry-cleaning equipment)?	<input type="checkbox"/>	<input type="checkbox"/>
Has fill (earth materials used to fill in holes) ever been placed on the property?	<input type="checkbox"/>	<input type="checkbox"/>
Is the property or any adjacent lands identified as a wellhead protection zone?  (Please review the <a href="#">Ministry of the Environment, Conservation and Parks Source Protection Information Atlas</a> to confirm).	<input type="checkbox"/>	<input type="checkbox"/>
Is the property within 250 metres from an active or decommissioned landfill/dump, waste transfer station or Polychlorinated Biphenyl (PCB) storage site?	<input type="checkbox"/>	<input type="checkbox"/>
Has the property ever stored/generated/accepted hazardous materials requiring Hazardous Waste Information Network (HWIN) registration or other permits?	<input type="checkbox"/>	<input type="checkbox"/>
Does the subject lands or lands abutting it previously or currently support one or more of the Potentially Contaminating Activities identified in <a href="#">Table 2 of Schedule D of O.Reg 153/04</a> , as amended?	<input type="checkbox"/>	<input type="checkbox"/>

**Note:** If the answer is “Yes” to any question above, a Phase One ESA (and possibly a Phase Two ESA) at a minimum prepared in accordance with O.Reg. 153/04, is required. Please submit two hard copies and a digital copy of the Phase One and/or a Phase Two ESA that satisfies the requirements of O.Reg 153/04, as amended.

The City must be granted third party reliance on all ESA work through the completion of its Reliance Letter and Certificate of Insurance. City third-party reliance is not required if a Record of Site Condition is filed on the Environmental Site Registry for the proposed property use and/or the Ministry of the Environment, Conservation and Parks (MECP) issues a notice of a Certificate of Property Use where applicable.

**Note:** The City may scope the Environmental Site Assessment requirements for minor development proposals on Enhanced Investigation Properties (e.g. accessory structures) or determine if additional environmental work is required.

**4. Declarations**

This form must be completed and signed by both a Qualified Person and the property Owner(s) or Authorized Agent for all development applications made under the Planning Act and reviewed by the City of Oshawa Planning Department.

A Qualified Person sign-off may be waived by the City for minor variances; and/or part lot control applications where site contamination was recently addressed by a related planning application.

For a full list of Qualified Person exemptions, please see [Appendix B of the Regional Municipality of Durham's Soil and Groundwater Assessment Protocol](#). Where a Qualified Person sign-off is required on this form, the completion of a Regional Reliance Letter and Certificate of Insurance may be waived.

To the best of my knowledge, the information provided in this questionnaire is true, and I do not have any reason to believe that the subject property contains contaminants at a level that would interfere with the proposed property use.

I am a Qualified Person in accordance with Ontario Regulation 153/04 and carry the required liability insurance in accordance with [Appendix F of the Regional Municipality of Durham's Soil and Groundwater Assessment Protocol](#).
