

Heritage Oshawa Inventory of City of Oshawa Heritage Properties

Updated November 2024

What are Class A & Class B Properties?

The Heritage Oshawa Inventory identifies properties of potential cultural heritage value or interest within the City of Oshawa. The Inventory includes all properties that Heritage Oshawa has identified as Class "A" or Class "B". Class "A" Properties have been evaluated by Heritage Oshawa and are determined to have the highest potential for designation. Class "B" Properties have been evaluated by Heritage Oshawa and are determined to have good potential for designation.

The Inventory currently has over 600 properties throughout Oshawa listed. All Class A and B properties within the Inventory have been deemed significant by Heritage Oshawa in terms of their historical significance within the City of Oshawa.

The following is a listing of all Class A and B Properties, sorted alphabetically by street name. Entries are further sorted by street direction (i.e. "King Street East" properties are before "King Street West" properties).
